

# Your Donations Make Good Things Happen....

- Personal Safety/Abuse Prevention/Reporting classes for individuals for disabilities.
- iPads for individuals with disabilities to use during Safe Life Classes.
- Trainings and/or classes for schools, agencies and community events.
- Resources and education services for families.
- In-Kind gift of space for a Safe Life class or assessments.
- Continued outreach, to increase awareness of the problem of abuse, and to disseminate information and resources for prevention.
- Support for community events and pilot projects that facilitate opportunities for individuals with disabilities to develop appropriate relationships with others. People who have healthy age appropriate relationships are less likely to be victimized and exploited by perpetrators and less likely to settle for an inappropriate relationship as opposed to no relationship at all.
